 Consigned by: Terry Wolfe

"Ginger" is the gentlest and safest pony you will ever find. She's 100% sound (never foundered), is very easy to handle and has no bad habits. She has been used for little children and toddlers for the past year at the ranch and for pony parties. We've started driving her.

LIL TOM

2005 Silver Grade Pony Gelding
 Consigned by: Terry Wolfe

"Tom" is rock solid. He drives, even with tiny children guiding him and drives for anyone that can hold the lines. He drives equally well in an open bridle or with blinders. He has absolutely no bad habits, is 100% sound (never foundered), is traffic and trail safe. He has been in every parade around here for 2 years, has been used for many birthday parties and has never made a wrong move.

22

TINY

2006 Sorrel/White Grade Pony Gelding
 Consigned by: Fletcher & Kimberly Brand

"Tiny" is a loud/flashy paint gelding, standing around 13.2 Hands. Not a pony for little kids, but experienced kids and adults can use this guy for almost anything. He has been used like a big horse on the ranch for a few months. Has been used in team roping (heel side), break-a-way roping, and had a few calves tied down off of him. He has also been around the poles and barrels. Watch him in the roping preview.
